

Dear applicant,

During this unsettling time, I would like to take this opportunity to reassure all applicants that the College will be supporting you every step of the way. Firstly, if you have been offered a place at Highbury subject to examination grades **your place is safe**.

Even though you may not be sitting exams, we will accept the grades awarded to you by the examination boards. If your grades are better, or not as good as you hoped, you will have the opportunity to discuss your results and if appropriate transfer to an alternative course. Highbury has a very broad range of programmes to suit all interests so I am confident you will find the perfect course for you.

### Course and Career Advice

If you have applied for more than one course, wish to change your choice or need some advice, our admissions team is here to help, please email: [info@highbury.ac.uk](mailto:info@highbury.ac.uk). If you would like a more general chat about your career goals, our careers team is also on hand to talk through your options, please email: [careers@highbury.ac.uk](mailto:careers@highbury.ac.uk) to book a call back.

### Highbury Showcase

At this time, it is hard to say whether our Showcase Event will go ahead on the 10th June, but we will continue to follow the Governments' advice around social distancing and will communicate any changes nearer the time.

### Enrolment

Our enrolment events are due to take place in August and September. Again, we will communicate any changes nearer the time so that you can enrol and start your course as planned in September.

### Health & Wellbeing

It's important to look after your body and mind while we distance ourselves from others. You can find some useful advice and information for staying healthy here:
