RE: HPV Immunisation Invitation

Dear Year 8 Parents,

We have been in contact with you in regards to the catch up HPV immunisation session for your child on Tuesday 14th July 2020.

I would like to outline the safety systems in place that have been agreed with the school immunisation nurses to keep everyone safe.

- Students **should not attend** if they are showing any symptoms of COVID-19
- Specific appointment times for students to arrive – this has already been shared with you
 - The student appointment will last 20/25 minutes
- Students will need to wear appropriate clothing for school setting and allow for the nurses to administer the injection on their upper arm
- If students require support for their vaccination, this will need to be agreed prior to the vaccination – please contact Mr R Smith to arrange this
- Students are not required to wear facing coverings or disposal gloves for their vaccination

On The Day:

- If students are feeling unwell, they **should not attend** and the school is contacted of their absence
- Students should arrive on school site via the rear entrance off Manor Road
- Students should walk onto the main site to the doors of the Uniform Shop, following the directions given by school staff
- Students should follow directions given by school staff or nurses in the rooms setup for vaccinations
- Students will be asked to wait after their vaccination for 15 minutes before leaving.

If you have any questions or wish to discuss this further please do not hesitate to contact me.

Yours sincerely,

Mr Richard Smith
